

BlueSecures[®]

Sales, Demo & Support
blue@bluesecures.com

Secure Messaging & Calling for .. Businesses, Institutions, Teams & Professionals.

- **Save & secure business data. Protect Privacy.**
- **Instantly connect & engage employees, customers, suppliers..**

No subscription charges

Using social messaging apps for work or business purposes?

You lose the following data..

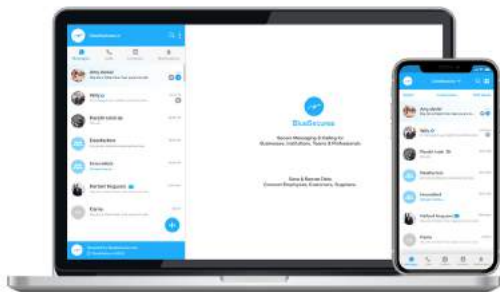

- Legal, Banking & Finance
- Sales & Marketing
- Purchasing & Production
- Human Resources
- Customer, Supplier & Employee databases
- R & D, Intellectual Property (IP), Copyright..

Like business email,
BlueSecures is secure business messaging.

**Instantly Connect & Broadcast to
Employees, Customers,
Suppliers..**

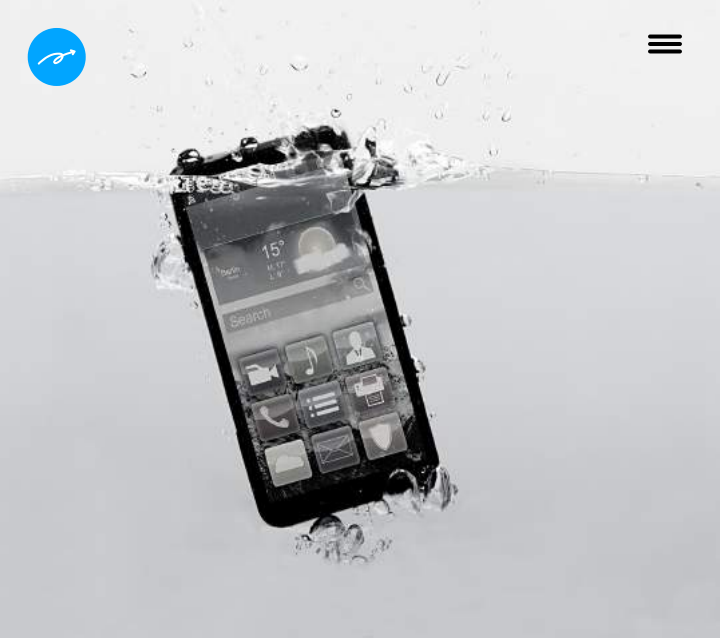

Businesses own the data, not individuals.

Business Admin manages users, data & subscription.

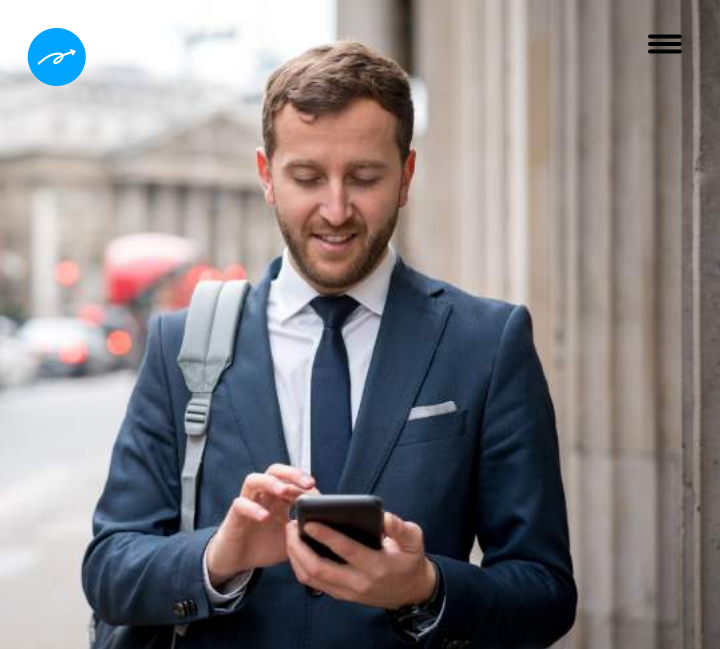

**Users can join only when invited.
And when deleted, lose access to data.**

Never lose data

Mobile changed, lost or damaged?

Change mobile device & access data

**Add unlimited Customers, Suppliers ..
for free.**

**Add customer & supplier contacts to
business database from devices of
field-force.**

Simply switch within app to operate in multiple businesses. You can be..

- **Employee in business 1**
- **Customer in business 2**
- **Supplier in business 3**

And so on...
